

Provider Notice

To: All certified Trauma-Focused Cognitive Behavior Therapy (TF-CBT) providers
From: Scott Daubert PhD, VP Operations
Date: August 26, 2016 (**UPDATED May 22, 2017**)
Subject: MH 16 101 TF-CBT modifier

PerformCare has created a modifier to use when providing Trauma-Focused Cognitive Behavior Therapy (TF-CBT). This affects claims submissions by providers who meet the following criteria –

- Provider must have the 08/110, 11/112, or 08-184 provider type/specialty AND bill for services listed in the table below (attachment 1)
- Provider must receive the TF-CBT certification
- Provider must send TF-CBT certification to assigned Account Executive

Once criteria are met, providers should use the appropriate CPT code/modifier in the table below (attachment 1) for TF-CBT dates of service provided on or after **September 1, 2016**.

****UPDATE- This TF-CBT Modifier has now been added to the 08-184 Provider Type. Providers should contact your assigned PerformCare Account Executive if this billing addition affects your organization.**

We appreciate your continued commitment to providing quality services as part of the PerformCare network. Please feel free to contact your Account Executive at 888-700-7370 with any questions.

Attachment 1: PerformCare TF-CBT CPT/Modifier Schedule
