

Provider Notice

To: CABHC Providers
From: PerformCare
Date: December 20, 2021
Subject: Alternative Payment Arrangement Update

This Notice is a follow up reminder to the COVID – 19 Alternative Payment Arrangement (APA) update dated October 20, 2021, that all CABHC COVID-19 APA will end on December 31, 2021, unless your agency has an approved service specific APA extension until March 31, 2022. For Providers with an approved APA extension, PerformCare will continue to pay any claims that exceed the approved monthly APA amount for each approved service.

For providers without an APA extension, claims processing will revert to standard FFS claims processing for claims with date of service on or after 1/1/2022. Also, the 10% SU facility rate increase will also expire on 12/31/2021, and claims with dates of service on or after 1/1/2022 will be processed and paid at the approved rate for the service.

CABHC and PerformCare will continue to monitor provider service delivery levels, understanding that the Federal COVID – 19 Public Health Emergency still exists and that we are currently experiencing a surge of COVID cases in Pennsylvania. If your agency is experiencing any financial difficulties as a result of less than anticipated Fee For Service revenue that jeopardizes the functioning of your organization or services, we request that that you proactively notify your PerformCare Account Executive as soon as possible so that we can discuss your situation and make adjustments, including reinstating the APA, to support the continued availability of services in our network.
