

## Provider Rate Notice

**To:** PerformCare Capital Area Network Providers  
**From:** Scott Daubert, PhD, VP Operations  
**Date:** July 31, 2019  
**Subject:** RATE NOTICE Update- July 1, 2019

---

Effective July 1, 2019 we are pleased to announce that the CABHC Board has voted to provide an increase for several fee schedule services including:

- Mental Health and Drug & Alcohol Outpatient
- Mobile Psych Nursing
- ACT/CTT
- Peer Support Services
- TCM- Mental Health and Substance Abuse
- BHRS After School and STAP
- BHRS BSC, MT and TSS (not inclusive of BCBA and RBT)
- MH CRR-Host Home and Group Home

In light of these increases (e.g., the substantial increase for TSS), we encourage all providers to consider salary / payment reviews of staff to improve workforce recruitment and retention. For a full listing of the rate increase, please refer to the attached fee schedule update.

Beginning with payments in August, please review EOB's closely to assure that you have received and continue to receive the new rates for services delivered after July 1, 2019. If you have not billed Usual and Customary charges high enough to cover the new rate, you will need to submit corrected claims.

We appreciate your support and continued commitment to providing services as part of the PerformCare network. If you have not received your specific rate notice and fee schedule, please contact your Account Executive. Please feel free to also call Provider Relations at 1-888-700-7370 or 717-671-6500 with any questions regarding this notice.
