

Provider Notice

To: SU Partial Hospitalization Providers
From: PerformCare
Date: May 20, 2022
Subject: SU 22 103 Change in SU Partial Hospitalization Unit Definition

Beginning July 1, 2022 PerformCare will implement a change in the procedure code and the unit definition for Substance Use Partial Hospitalization (PHP) from the current one hour unit definition to a 15 minute unit.

Background: OMHSAS issued guidance to BH-MCOs that the current SU Partial Hospitalization Program one hour procedure codes will be end dated 6/30/2022. The current procedure codes for SU PHP, H2035 / H2035 HF, will be end dated 6/30/2022.

Procedure: Effective 7/1/22 PerformCare staff will authorize SU PHP using procedure code H0035 HF and using 15 minute units. Any PerformCare Member with a PHP authorization that began prior to 7/1/22 and that has an end date on or after 7/1/22 will have a new authorization created using H0035 HF procedure code and PerformCare will increase the units authorized for SU PHP by multiplying remaining hours of the authorization as of 7/1/22 by four (4) to accommodate the 15 minute unit change. PerformCare will notify providers of the new PHP authorizations as soon as possible.

Beginning with claims for dates of service on or after 7/1/2022, SU PHP providers should bill PerformCare using procedure code H0035 HF and a rate of \$10.10 per 15 minute unit.

Please contact your Account Executive if you have questions about this notice.
