## Cultural Linguistics Competency With Emphasis on Servicing Individuals With Disabilities

This training will explore the impact of inequity and how systems foster and perpetuate it. It will also examine the influence of culture and equity on individuals with disabilities.

Participants will have the opportunity to:

- Learn about the genesis of cultural humility and how it has been used to reduce inequities in research, clinical practice, and policy.
- Explore personal traditions, values, and experiences to better understand, redirect, and leverage interpersonal traits in ways that are conducive to successful engagement with culturally diverse individuals.
