

Provider Profiling Year-End Report

Substance Use Outpatient and Partial Hospitalization Services

**Substance Use Outpatient Therapy (SU OP)
Substance Use Intensive Outpatient Program (SU IOP)
Substance Use Partial Hospitalization Program (SU PHP)**

1/1/24 - 12/31/24

Provider Profiling is conducted in order to collect and trend data to provide information relating to Provider performance, with the overall intent of improving the quality of care rendered to PerformCare's Members. PerformCare encourages Providers to closely review this information and use this to help inform areas of future development.

PerformCare will provide updated Provider Profiling reports twice a year. The first report will be distributed in January, and will provide measures on the first two quarters of the calendar year (Provider Profiling Mid-Year Report). The second report will be distributed in July, and will provide measures on the entire calendar year (Provider Profiling Year-End Report).

Measure 1: 7-Day Access for Substance Use Outpatient Therapy

Measuring access rates is important to ensure that PerformCare Members are able to access services in a timely manner. This measure calculates the percentage of Members receiving or being offered an appointment within the standard of 7 days for substance use outpatient therapy. This measure reflects claims data for Members accessing substance use outpatient therapy from 1/1/24-12/31/24.

The rates are calculated as follows:

Denominator: All initial evaluation or therapy assessments, broken out respectively.

Numerator: Number of records of a compliant follow-up appointment being offered within 7 days of initial evaluation or therapy assessment.

PerformCare calculates this information based on the use of the U7 modifier for claims for outpatient therapy assessments.

This measure excludes Intensive Outpatient (IOP) Services.

Adult- 18+, Child- 0-17.

Individual Provider rates for Providers with less than 30 evaluations/assessments were not calculated due to the smaller sample of data.

Members with Third Party Liability (TPL) are excluded from this report.

Measure 2: 7-Day Access for SU IOP

Measuring access rates is important to ensure that PerformCare Members are able to access services in a timely manner. This measure calculates the percentage of Members receiving or being offered an appointment within the standard of 7 days for Substance Use Intensive Outpatient Program (SU IOP) services. This measure reflects claims data for Members accessing SU IOP services from 1/1/24 - 12/31/24.

The rates are calculated as follows:

Denominator: All requests for SU IOP received within the reporting period.

Numerator: Number of records where service start occurred within 7 days of the request date.

PerformCare calculates this information based on the data stored in Jiva Episode and Authorization tables.

Adult- 18+, Child- 0-17.

Measure 3: 7-Day Access for SU PHP

Measuring access rates is important to ensure that PerformCare Members are able to access services in a timely manner. This measure calculates the percentage of Members receiving or being offered an appointment within the standard of 7 days for Substance Use Partial Hospitalization Program (SU PHP) services. This measure reflects claims data for Members accessing SU PHP services from 1/1/24-12/31/24.

The rates are calculated as follows:

Denominator: All requests for SU PHP received within the reporting period and had an SU PHP claim.

Numerator: Number of records with matching SU PHP claims where service occurred within 7 days of the request date.

PerformCare calculates this information based on the data stored in Jiva Initial Assessment and Facets Claims tables.

Measure 4: SU OP Therapy Engagement in 2 or more Appointments

After a Member meets with their therapist for the first session, continued engagement in treatment is vital in helping to support wellness. This measure examines the number of Members who had their first SU OP therapy session with a therapist that also continued to stay engaged in treatment by attending 2 or more therapy appointments within 30 days. This data is based on initial therapy sessions and follow-up appointments from claims submitted for services between 1/1/24 - 12/31/24.

PerformCare calculates the rates as follows:

Denominator: All initial SU OP therapy appointments (1st session with a therapist after an intake assessment).

Numerator: Number of initial SU OP therapy appointments that resulted in continued engagement in 2 or more therapy appointments within 30 days. Individual, group and family therapy are treated as valid follow-up appointments following the initial therapy appointment.

Goal

PerformCare is providing this measure for informational purposes.

C/FST Survey

The purpose of the Consumer and Family Satisfaction Team (also referred to as Individual and Family Satisfaction Team) survey is to gather feedback from adults, children, and families that have used Mental Health and/or Substance Use services funded by PerformCare. They are conducted by external agencies in each region and are mainly done through face-to-face interviews. These surveys focus on Members' satisfaction with services and ask questions related to many aspects of treatment.

While the survey tools used in each region are similar, not all questions are the same. The results noted below show results for similar questions that fall into the categories noted. The results are sorted by contract: Capital (which includes Cumberland, Dauphin, Lancaster, Lebanon, and Perry counties), and Franklin & Fulton counties. Providers that are not listed had less than 10 surveys completed for the level(s) of care. Additionally, if a contract is not listed, it indicates that there were no surveys completed for the level(s) of care during this reporting timeframe. It is important to note that while the number of surveys is listed, a Member may not have answered all questions included in the survey.

The agencies who conduct these surveys collect this information on a quarterly basis. The data below is based on information collected during the Calendar Year 2024 (Jan 1, 2024 through Dec 31, 2024).
